Re: Sandra and Tobias Menges

Dear Sisters and Brothers,

With this letter, I want to express my deep gratitude for the long years of support you have given to the ministry of Sandra and Tobias Menges within OM! You have been standing behind them in many ways – praying, encouraging, caring and giving generously. You have direct part in the blessing, which has been flowing out of their ministry, thank you! To focus just on the last few years: Tobias took over from me the responsibility to lead the three church planting teams of OM in Germany. He led them from the first years of pioneering into a time of consolidation and real fruitfulness, which was very, very important. Both Sandra and Tobias had a deep impact and influence in Germany in furthering the Kingdom of God – all of which would not have been possible without you!

This coming August, they will move on to take on the responsibility for the BA study program of the key missions academy of Germany. For us in OM Germany, it is very painful to let them go – but I have a deep peace about their decision. This responsibility fits even better to their gifts and passions than the ministry of leading our teams. It is a good and logical next step, and I fully endorse it. I am convinced: In the years to come, they will have an even more powerful impact on missions – both in Germany and worldwide. All these years in OM, they were part of World Missions in the true sense of the word – and they will continue to be so in their new role, as well.

We from OM Germany wish to stay in close contact with them in the future, and this is their desire as well. In our minds, they will be OM associates. I would like to encourage you to continue your powerful support to them as a family and their ministry. You are investing very, very well!

With warm greetings and much thankfulness,

Tobias Schultz
Missions director OM Germany
